**Ilion Quality Issues – Rifles**

**Model 7400 Cracked Fore Ends -*S. Perniciaro/Balio***
- Ilion to advise of status of replacement fore ends for Rivolier.
- Trull/Perniciaro to update team on recent visit.

**Model 700 Varmint Accuracy Standards -*S. Perniciaro***
- We need to establish a protocol to insure that our varmint rifles meet a level of accuracy that is congruent with the consumers perception that a varmint rifle should be capable of delivering MOA accuracy out of the box.
- We already charge more for these guns, but we can likely get an additional premium if we can guarantee a level of performance.
- We need to firm up our future business of high revenue, high margin products and give the consumer "insurance" in the form of a guarantee that they are justified in paying the premium for a varmint rifle vs. a price point rifle.

**7400 SGS-New gas system – *S. Perniciaro***
- Pernciaro to update on status.
- Team to decide if we should push forward.
