

PAGE 10: Model 870 Pump Shotgun

1. Model 870 Pump Shotgun is the “*Shotgun of Choice Nationwide.*” When you think 870... rugged power comes to mind.

* ***The Most Reliable 12-Gauge Pump*** going used double action bars for the *smoothest/surest pump operation* in conjunction with a steel-lined/grooved fore-end for a stronger grip, while the *Flexitab™ feeding system* provides *positive and easier cycling*.

* ***Additional Stock Options*** include wooden stocks and fore-ends, *Davis Speedfeed® Synthetic Stocks* in solid or full pistol grip, with *two lengths-of-pull*, and/or *2 magazine tubes* molded right into the stock holding 4 extra shells.

2. Tactical Model 870P features a 14” barrel to reduce the overall length for an ideal entry shotgun. Also, a *Less-Lethal application shotgun* is available with the addition of a blaze orange Synthetic Davis stock and fore-end for the instant recognition required.

*** **CHART and PICTURES: Tactical Model 870P Shotguns** – Showing the small chart and two shotguns (14” with rifle sights and less-lethal with rifle sights).

3. Model 870P Shotguns with Synthetic Stocks feature 18” and 20” barrels and several synthetic stock and fore-end options. The *Davis Speedfeed® I stock* has two magazine tubes holding 4 shells molded into it. The *Remington synthetic solid stock and fore-end* duplicate the weight and dimensions of the factory wood.

*** **CHART and PICTURES: Model 870 with Synthetic Stocks** – Show the small chart and three shotguns.

4. Model 870P Shotguns with Wooden Stocks feature 18” and 20” barrels, wooden stocks and fore-ends and either parkerized or blue finish.

*** **CHART and PICTURES: Model 870 with Synthetic Stocks** – Show the small chart and two shotguns.

*** **USE PICTURE: Officer Using 870 Picture** – One officer holding an 870 in a port arms position. Can use with the words cutting-around the pictures or as background.

PAGE 11: Model 870 MAX and Model MCS

1. Model 870 MAX (Maximum Options) is a true tactical shotgun with everything in place just the way you want it. The platform is a rugged, parkerized, 18” barrel 870 LE Shotgun... then we add:

* ***Wilson Combat® Ghost Ring/XS® Sight System*** that includes the XS® interchangeable front sight.
