

2. Model 7600P & 7615P Pump Action Rifles – At last, simple and effective duty/patrol rifles that are *as easy to use as a pump shotgun*, while being light, handy, and quick in action with 16 ½” barrels. Based on the rugged and reliable 870 shotgun with *virtually identical operating features* for quick operator familiarization, they’re designed for first shot accuracy and ultra fast follow-up shots as the shooter instantly chambers another round while staying on target. The **Model 7600P** comes in .308 Win caliber and uses a detachable 4 round magazine, while the **Model 7615P** comes in .223 Rem caliber and uses standard M16/AR-15 magazines. Both feature:

- * **Rotary Bolt Lock-up Design** for exceptional strength, safety and hallmark reliability
- * **Parkerized Finish and Rugged, Black Synthetic Stock and Fore-end** with sling swivel studs
- * **Wilson Combat Ghost Ring/XS Sight Combination**

PAGE 19: LE Duty and Training Rifle Ammo

1. LE Duty and Training Rifle Ammunition – Remington produces a full line of proven LE duty and special applications ammunition with superb MOA accuracy, consistent point-of-aim/point-of-impact, dependable reliability, and superior terminal ballistics for the confidence you need. Every cartridge combines the highest-quality brass and bullets with specially-blended powders and our Kleanbore® primers for clean, non-fouling performance. When lives depend on your first shot, you can trust Remington high-performance ammunition.

2. Premier® Core-Lokt® Ultra – This high-performance bonded bullet comprises a lead core that is metallurgically adhered to a 20% heavier, progressively tapered jacket, specifically designed to control expansion over a wide range of velocities. It boasts maximum penetration, controlled 1.8X expansion, and 95% original weight retention, while staying together and on target through tough barriers.

* **Core-Lokt® Holds Together and Stays on Target** when taking shots through glass. This bullet maintains maximum integrity when passing through single pane laminated glass such as plate glass windows or windshields.

* **Available in .308 Win, .300 Win Mag, .300 Rem Ultra Mag, .300 Rem SA Ultra Mag**
