### **2005 Prospective Ilion New Rifle Programs**

- 2005 New Products
  - Model 700 Syn Stock Redesign Status
    - Need sample stocks by Sept. 30, 2004
    - May have vendor that will furnish mold to get our business
    - ACTION: D. Diaz to provide design at PTM
    - M700 LV-Custom Foam \$30 savings v. Bell & Carlson
    - Pillar bedded, steel reinforced
    - Weight currently within ounces of B&C stock, can change weight
    - ACTION: Communicate desire to pursue to purchasing
    - Stock geometry looked good.
    - NDA in place with Hogue
  - Model 700 Special Purpose Synthetic – Trull to issue NPP prior to Meeting.
    - Must compete with Tikka and Vanguard
    - Must market as "high tech" material
    - ACTION: Trull to evaluate
  - Update to Varmint Line – Review/discuss new concepts. Review McMillan stock designs  
ACTION: D. Diaz to check intellectual property concerning bedding block in HS Precision stocks  
Trull having discussions with H.S. Precision now on how to update the line. It is going to be a difficult sell to steer the market away from the H.S. stock after we have done such a thorough job convincing the market on how great it is. Committing resources to design around it may be an inefficient use of our resources.
