

We apologize for the inconvenience. Following are some sources for repair of older Remington models. We no longer house any parts for this model. It may be difficult for local gunsmiths to find parts for obsolete models. For your convenience we have included a link below to a list of establishments that may offer parts or services for your older Remington firearm:

<http://www.remington.com/support/parts/obsolete.htm>

Schumaker Gunsmithing  
1807 19th St  
Parkersburg, WV 25101  
304-485-8771

Mann & Son Sporting Goods  
515 W Water St.  
Pinckneyville, IL 62274  
Phone: 618-357-2911  
Fax: 618-357-3658

**No special order production gun options/ rifle sights**

We do not offer special orders on production rifles. The 700 barrels are drilled on the line and assembled for shipment directly to wholesalers and distributors.

**16 gauge barrels**

Thank you for contacting Remington Country. The new 16 gauge barrels will interchange with older 870 16 gauge receivers, however we do not have extra 16 gauge barrels available for parts sales yet. We are currently producing the barrels for production of the firearm and some set aside for repair situations.

Dear Mr. Morgan,

Due to the many variables involved with valuation, we would encourage you to refer to the many publications that are available on the subject of gun values or have it appraised by a collector. Many of these books are available through public libraries or local bookstores. For your convenience we have provided a listing of the more popular books:

Note: Remington does not accept responsibility for the goods or services provided by these sources.
