> Subject: Remington Safety Modification Program
>
> Mr. Neunzig,
>
> I am responding to the information that you faxed us concerning the
> extension of the Safety Modification Program. Unfortunately the extension
> of this program does not affect your unqualified status. The coupon you
> sent initially stated that in order to receive up to a \$20 rebate back
> from Remington, you must purchase any of the following items: 1) Remington
> Safe, 2) Remington Ear Muffs; 3) Remington Brand Safety Glasses; or 4)
> Remington Locking Devices. The form states that you were to complete the
> form and enclose the original cash register receipt showing the store name
> and the price paid along with the UPC codes from the item(s) purchased.
> The form did not state that you would be refunded for the cost to have
> your gun modified. All you sent in was a receipt showing that you had
> your rifle modified at a charge of \$21.40. You did not send us a receipt
> showing a purchase of any of the items listed or UPC codes from the
> purchased item(s).
>
> Therefore we sent you a card stating that you were unqualified and gave
> you the opportunity to provide the required items in order to be
> resubmitted by 2/23/03. If you can provide a receipt showing that you
> purchased one of the Remington items and the UPC code from that item, we
> will be happy to re-evaluate your request.
