Nothing new to add. Consumers have the same answer for having the conversion done or not having the conversion done. Most CSR's are not putting anything on the paperwork. This is what I need: 1. Do they have a pre-1982 rifle with the bolt-lock?

2. If they do, do they want the conversion?

3. Why they want it?

4. Why they don't want it?

Thanks,

Dell Marie Clifton
