Tim,

This is to confirm the required rifles for the subject hunt.

- \* 700 BDL SS
- \* 700 LSS
- \* 700 AWR
- \* 700 KS

Please build them with the old style bolt lock if possible.

Need to have these rifles by 4/15 if possible. When they are completed let me know and I will place a consignment order on the custom shop.

Under separate cover I will be sending you several scopes.

- \* Two Leupold VarX III 1.75 X 6
- \* One Leupold Var X III 2.5 X 8

Rings and bases for the above scopes will be included.

Please mount the 1.75 X 6 scopes on the AWR and the KS. Mount the 2.5 X 8 on the 700 LSS.

Please target these rifles with the ammo that you receive from Lonoke. Thanks.
