I just got an Out-of-Office message from Mike for the message below. Is this DCR and parts list urgent or can it wait until he gets back? Please let me know.

Thanks,
Jim

Mike,
The parts list you sent doesn't have the new Barrel Assembly. Complete part numbers for the Scope Base Only RAMACS. I fixed a typo on the supersedes previous parts list (was ET-053, changed to ET-0053) - please check to make sure that change didn't get lost somewhere enroute to you. Could you please update the PL and send it to me again?

Thanks,
Jim
