Liles**Subject :** Receiver Insert Prints**Comments:**

Dear Mike,

Per our telephone conversation on Tuesday March 2, 1999, regarding the quality control part inspection issues pertaining to print numbers (1E-EXP5972 & 2E-EXP5972) Receiver Insert. I would like this fax to serve as a reminder to you as agreed to, for you to compile a set of updated prints of the Receiver Insert for our Quality Control Department with Highlighted Critical Dimensions for establishing part inspection criteria.

Thank you for your continued assistance with this program, as always if there is anything I may be able to provide please do not hesitate to call.

Regards,

Rich Kosko
