Deputies Weisenhorn and Silva responded to the 3000 Blk of CR 10 for a reported accidental shooting. Upon arrival the RP stated that he was loading a rifle, when it went off accidentally. The victim was transported to PMC. The shooting was investigated and found to be accidental at this time.

Victim: Trevor Ryan Williams  
DOB 02-28-83  
7905 Gibbsland  
Plano, TX 75025

Subject: (Shooter)  
Matthew Robert Hershey  
DOB 03-19-84  
801 Welch  
Denton, TX 76201

On 03-14-04 at approximately 2041 hrs I Deputy Weisenhorn was dispatched to 1351 county road 10 in Prowers County, Colorado for an accidental shooting.

Upon arrival I observed the victim, Trevor Williams, lying on the ground in front of the residence. Assisting Williams were his two friends, Adam Reed, and Tyler Jone. Williams was covered with a blanket with his head propped against a small duffel bag. I spoke with the victim asking him if he was still ok and if he remembered what happened. He stated yes he was ok but was in a lot of pain. I checked to see if he had feeling in his lower leg. He stated he could not feel me touching his foot. I asked where the gun was. One of the other subjects there told me it was inside the house in a gun case. I asked him to show me where it was. We entered the house through the west door and walked through the kitchen, and into the bedroom located on the north east side of the residence. The gun case was under the bed. I removed the rifle, a Remington Model 710 30-06 Cal. bolt action rifle. I secured the rifle in the rear seat of my patrol car.

While inside the residence I spoke with Adam Reed DOB 08-09-1984 about what had happened. He stated his friend Matthew Hershey was loading the rifle at the back of the pick up and some how the rifle went off. Reed was not sure exactly what happened because he was in the driver's seat of the pick up when he heard the shot. Reed stated he then got out of the pick up and observed his friend, Trevor Williams, lying on the ground at the rear of the pick up. Reed stated they then called 911.

After the Ambulance left with the patient, the male subjects were separated and asked about the shooting. All three subjects stated the shooting was an accident. They were getting ready to go coyote hunting. Hershey stated he was loading his rifle, when he closed the bolt, the rifle went off. Hershey stated he was sure he did not touch the trigger. When I inspected the rifle I observed the safety was in the fire position. Photos were taken of the pick up and where the victim was lying on the ground after being shot. A picture was

also taken of the empty rifle case that was ejected onto the ground next to the victim. The empty case and the rifle were taken into evidence.

Deputy Silva obtained written statements from the witnesses at the scene. Deputy Silva and I then responded to Prowers Medical Centers Emergency Room. I had Williams sign a medical release form pertaining to this shooting. I also had Williams tell me what had happened. Williams stated he was standing at the back of the pick up, getting ready to go coyote hunting. Williams stated he heard the rifle go off and fell to the ground. Williams stated he knew he had been shot. Williams also stated he knew it was just an accident, and that there was no way Hershey would have shot him on purpose. Williams was transported to Denver by flight for life, due to his injuries. The rifle was entered into evidence at this time. As of now the shooting has been listed as accidental. I saw nothing at the scene, or during questioning of the suspect, victim, or witnesses that would lead me to believe at this time that it was not accidental. No further action taken at this time.
