Subject: M/710 Test Plan Update

The following document updates the M/710 T & P Test Plan (Revision # 4) for this 2nd T & P. Please note the changes and get back if you have any issues with what we're actually doing. We will follow the original plan as closely as possible and will communicate when further discrepancies are noted.

Phillip,
Use the Cleaning and Inspection Form in this document. Let me know as issues come up.

Scott
