A meeting was held on, 2000 to discuss the scheduled M/710 DAT #1 test. The purpose of this		
meeting was to define the test requirements for this Design Acceptance Test (DAT) scheduled to start in early		
March. During this meeting the test plan was reviewed step by step to determine what additional testing might		
be required to adequately test the product. This document lists the tests and procedures that have been agreed to		
by all meeting participants. Successful completion of these tests will qualify the Model 710 for Trial & Pilot		
evaluation.
