**Subject:** RE: test

Jim Doolittle reminded me that the test is also for the SPL grinder positions.

**Subject:** FW: test

Roberta,

I have attached a copy of the exam for the Level 4 applicants for the vertical machining cell for the new SPL M700 fire control.

Each question is worth 5 points and credit will be given for each sub question.

The passing score is 70.

Please review and let me know if you need any changes.

John,

Please let Roberta know who will be interviewing and administering the exam.

Steve P.
