

Model 700 DGR (Dangerous Game Rifle)

Product Overview

High end dangerous game bolt-action rifle intended to address the lack of a serious player in the Model 700 category. This is a high end product with a high end price tag, selling for comparable prices to the Dakota rifle (\$4500 - \$6500). This specification sheet is intended as a thought starter from which to work up an initial sample for review. Input from the Custom Shop and Engineering is welcome as this is a living document.
