Response (Laura)

Thank you for your inquiry. We have a Safety Modification Program on certain model bolt action rifles. This is a voluntary program. It is not a recall. This is designed to remind people of the existence of the bolt-lock feature and to offer customers the opportunity to modernize their products.

You can read more information regarding our firearms and our Safety Modification program through the front page of our website or the link below:

[http://www.remington.com/safety\\_modification\\_program/remington\\_safety.htm](http://www.remington.com/safety_modification_program/remington_safety.htm)

The safe use and performance of your firearm depends on correct assembly and routine maintenance, as well as adherence to the "10 Commandments of Firearm Safety." <http://www.remington.com/support/10comm.htm> It is critical that you familiarize yourself with the information in both the owners manual and safety booklet. Whether you are a veteran shooter with a collection of Remington firearms, or a first time shooter, take the time to review this important literature and be certain that you are practicing firearm safety!

If you have any questions, please feel free to contact us at 1-800-243-9700 or 1-877-387-6691.

LATEST NEWS:

The new domain names are finally available to the general public at discount prices. Now you can register one of the exciting new .BIZ or .INFO domain names, as well as the original .COM and .NET names for just \$14.95. These brand new domain extensions were recently approved by ICANN and have the same rights as the original .COM and .NET domain names. The biggest benefit is of course that the .BIZ and .INFO domain names are currently more available. i.e. it will be much easier to register an attractive and easy-to-remember domain name for the same price. Visit: <http://www.affordable-domains.com> today for more info.

Register your domain name today for just \$14.95 at:  
<http://www.affordable-domains.com>. Registration fees include full access to an easy-to-use control panel to manage your domain name in the future.

Sincerely,

Domain Administrator
