Dear Mr. Gebhardt:

Thank you for your inquiry. According to the information you provided your firearm was produced in or about 1971.

As with any used firearm, we would strongly recommend you have the firearm serviced and evaluated by a competent gunsmith for function and safety. We feel it is imperative you know the exact condition of your firearm prior to shooting. Please also read our "Guide to Buying a Used Gun" found through the link below:

<http://www.remington.com/magazine/preview/rc007007.asp>

We are offering a safety modification on the pre 1982 Model 700. For information on this modification click below:

http://www.remington.com/safety_Modification_Program/remington_safety.htm

If you are not aware of a gunsmith in your area, please feel free to contact one of our RARC's found in the Support/Repair section of our website or the following link:

<http://www.remington.com/repairsvc/modelselection.asp>

If you will complete the form located in the what's New/Reading Room section of our website, we will forward to you a copy of the original owner's manual.

<http://www.remington.com/whatsnew/readroom.htm>

You can also find owner's manuals for some of our current models on-line in our Reading Room in the "what's New" Section.

I recently purchased a Remington 700 30-06 from a private party. The seller was not sure how old the gun was. It had belonged to an elderly man who had bought it new. The serial Number is 6452870. I was wondering if you could find out how old this gun is.

Thank you

Dave Gebhardt
