Bolt Lock

Discussion Thread

Response (Laura) 5/8/2002 9:20:31 am Dear Mr. Sciegienny, Thank you for your inquiry. According to the information provided, this firearm was manufactured in or around 1984. To determine whether your Model 700 or 40-x rifle has a bolt-lock mechanism, either:

Call Remington toll-free at (877)387-6691 and a service representative will help you determine if your firearm has a bolt-lock mechanism, or

Take your Model 700 or 40-x rifle to a Remington Authorized Repair Center and a qualified gunsmith will examine your firearm and determine whether it has a bolt-lock mechanism.

Customer 5/2/2002 10:10:25 AM I have model 700 BDL rifle # B6587217, bought new in 1984. When the rifle was manufactured ? Does it have a Bolt-Lock?

This is my second request
