Dear Mr. Alexander,

Thank you for your inquiry. We apologize for the delay in response. We do not offer this service. We do not rebarrel any rifles.

We also wanted to make you aware of a Safety Modification program that we currently have on this an some of our other bolt action rifles. You can read more information regarding this program through the front page of our website or by calling our consumer service department at 1-800-243-9700.

I have a mod 722 rifle in 257 cal. I would like it rebarreled to 7mm-08. Does Remington provide this service and if what would the cost be?
