Dear Mr. Rangnow,  
Thank you for your inquiry. According to the serial number provided, your firearm is not included in a recall. We are having a Safety Modification Program on Pre 1982 Model 700 rifles. You can read more information regarding this program through the front page of our website at [www.remington.com](http://www.remington.com).

How do I find out if there are problems of an accidental firing due to mechanical problems with my safety. I understand some Model 700's have been recalled to repair the safety.
