If you will complete the form located through the link below we will forward to you a copy of the original owner's manual.

You can also find owner's manuals for some of our current models on-line in our Reading Room in the "What's New" Section.

We also wanted to make you aware of a safety Modification program that we are currently offering on some older model bolt action rifles including the Model 700. You can find more information regarding this program through the front page of our website or through the link below:

I was wanting to know if I could order a replacement instruction manual for this firearm. If this is possible, please let me know the procedure and cost.

Thank you
