Dear Mr. Troxel,  
Thank you for your inquiry. We are sending an owner's manual to the address you provided. We want to make you aware of a Safety Modification Program that we are offering on the Model 700 rifle that may or may not affect yours. You can read more details regarding this program through the front page of our website or through the link below:

[http://www.remington.com/Safety\\_Modification\\_Program/remington\\_safety.htm](http://www.remington.com/Safety_Modification_Program/remington_safety.htm)

As with any used firearm, we would strongly recommend you have the firearm serviced and evaluated by a competent gunsmith for function and safety. We feel it is imperative you know the exact condition of your firearm prior to shooting. Please also read our "Guide to Buying a Used Gun" found through the link below:

If you are not aware of a gunsmith in your area, please feel free to contact one of our RARC's found in the Support/Repair section of our website or the following link:

You can also find owner's manuals for some of our current models on-line in our Reading Room in the "What's New" Section.
