Dear Mr. Hukill,  
We no longer house any parts for this model. For your convenience we have included a link below to a list of establishments that may offer parts or services for your older Remington firearm:.

<http://www.remington.com/support/parts/obsolete.htm>

Additional information regarding parts and service can be found in our Support Section under "Obtaining Services".

We also want to make you aware of a Safety Modification Program that we are offering on these rifles. You can read more information regarding this program through the front page of our website or through the link below:[http://www.remington.com/Safety\\_Modification\\_Program/remington\\_safety.htm](http://www.remington.com/Safety_Modification_Program/remington_safety.htm)

Do you have or can you tell me where to get a stock (new or used) for this gun? I have one that was given to my daughter by my step dad. These were really neat rifles that are no longer made, so I do not want to cut down the original stock if I dont have to. Thank you for any help you may offer.
