Dear Jay,

We would need to know the serial number of your firearm to determine the date of manufacture. The Model 721 was produced from 1948-1961. We want to make you aware of a Safety Modification Program that we are offering on these rifles. You can read more information regarding this program through the front page of our website or through the following link:

I have a 721 30-06 rifle from my grampa. I was wondering what the date range of manufacture is for this gun. Thank you.
