Dear Mr. Faulkner, Thank you for visiting Remington Country. For complete information on the bolt action safety modification, please visit the link below:

[http://www.remington.com/Safety\\_Modification\\_Program/700\\_safety.htm](http://www.remington.com/Safety_Modification_Program/700_safety.htm)

This information is found on our home page under "Bolt Action Safety Message". You may just send your barreled action if you like, but please remove any accessories.

Information on the safety modification for the older model 700's I went through 6 pages of FAQ and could not or did not find an answer. Please let me know what the deadline date is and where to send my 700. Is it ok just to send the barreled action or must I send the complete rifle? Thank you.
