Dear Mr. Barber,  
Thank you for your inquiry. There is a recall on certain Model 600 & 660  
rifles. You can find complete details regarding this through the front  
page of our website at [www.remington.com](http://www.remington.com) or through the following link:

[http://www.remington.com/Safety\\_Modification\\_Program/remington\\_safety.htm](http://www.remington.com/Safety_Modification_Program/remington_safety.htm)

The safe use and performance of your firearm depends on correct assembly  
and routine maintenance, as well as adherence to the "10 Commandments of  
Firearm Safety." <http://www.remington.com/support/10comm.htm> It is  
critical that you familiarize yourself with the information in both the  
owners manual and safety booklet. Whether you are a veteran shooter with a  
collection of Remington firearms, or a first time shooter, take the time  
to review this important literature and be certain that you are practicing  
firearm safety!

If you have any questions, please feel free to contact us at  
1-800-243-9700 or 1-877-387-6691.
