Response (Laura)

Dear Mr. Barber,

Thank you for your inquiry. There is a recall on certain Model 600 & 660 rifles. You can find complete details regarding this through the front page of our website at www.remington.com or through the following link:

http://www.remington.com/Safety_Modification_Program/remington_safety.htm

The safe use and performance of your firearm depends on correct assembly and routine maintenance, as well as adherence to the "10 Commandments of Firearm Safety." <http://www.remington.com/support/10comm.htm> It is critical that you familiarize yourself with the information in both the owners manual and safety booklet. Whether you are a veteran shooter with a collection of Remington firearms, or a first time shooter, take the time to review this important literature and be certain that you are practicing firearm safety!

If you have any questions, please feel free to contact us at 1-800-243-9700 or 1-877-387-6691.

Customer (Roy at SEVENTWENTYFOUR Inc)

There appears to be a problem on this page of your site.

On page <http://www.rempac.org/newsfeatures.htm> when you click on "- Follow Up", the link to <http://www.rempac.org/articles/Gun%20Debate.doc> gives the error: Not found.

As recommended by the Robot Guidelines, this email is to explain our robot's activities and to let you know about one of the broken links we encountered. Linkwalker does not store or publish the content of your pages, but rather uses the link information to update our map of the World Wide Web.

Are these reports helpful? I'd love some feedback. If you prefer not to receive these occasional error notices please let me know.

Roy Bryant
