Dear Mr. Haaser,
Thank you for contacting Remington Country. Your Model 700 was produced in 1973. Your firearm has not been involved in a recall. Your rifle was originally installed with a bolt-lock, which means you have to put the safety switch on fire before you can open the bolt. We are offering a conversion at a special price if you would like your firearm converted, so that you can open the bolt at anytime with the safety on safe. To view more details regarding this modification, go to:

http://www.remington.com/Safety_Modification_Program/remington_safety.htm

dear remington,

i recently aquired a model 700 in 22-250 cal. could you please find out what year it was produced so i can determine if this gun is a part of the recall? any info you could send me would be greatly appreciated.

thank you

dan haaser
