Dear Mr. Land,

Thank you for contacting Remington Country. Remington does not offer repair or reconditioning on discontinued models, however the following Remington Repair Center specializes in reconditioning.

Craig Colabaugh Gunsmith, Inc.
R.D. 4 Box 4168- Gumm Street
Stroudsburg, PA 18360

His firearm may have been involved in a recall. In addition, the rifle was originally installed with a bolt-lock, which means you have to put the safety switch on fire before you can open the bolt. We are offering a conversion at a special price if you would like your firearm converted, so that you can open the bolt at anytime with the safety on safe.
