Dear Mr. Drew,

4/3/2003 10:44:21 AM

According to your serail number, your firearm has not been involved in a recall. Your rifle was originally installed with a bolt-lock, which means you have to put the safety switch on fire before you can open the bolt. We are offering a conversion at a special price if you would like your firearm converted, so that you can open the bolt at anytime with the safety on safe. To view more details regarding this modification, go to:

The serial number is A6409581. Hope this will help.

Thanks for your quick response.

Sincerely

Charles Wm Drew
