Response (Chris) Dear Mike, 5/12/2003 4:47:45 PM

Thank you for contacting Remington Country. Your Model 700 was produced in 1983. It is not included in a recall. Your riffe was originally installed with a bolt-lock, which means you have to put the safety switch on fire before you can open the bolt. We are offering a conversion at a special price if you would like your firearm converted, so that you can open the bolt at anytime with the safety on safe. To view more details regarding this modification, go to:

http://www.remington.com/Safety\_Modification\_Program/remington\_safety.htm

Customer (mike turner) \$\frac{5}{11}/2003 10:57:42 PM Please advise if the model 700 described above is subject to the safety notice regarding potential for unexpected discharge while unloading. Also I would like to know the year of manufacture of this rifle if you have that information available. Thanks for your help!

MIKe T.
