Thank you for contacting Remington Country. Your Model 600 was produced around 1966. If your firearm has never had the trigger inspected or does not have a "v" stamped on the trigger, it should be sent to a Remington Authorized Repair Center for inspection.

You can locate your nearest repair center by visiting the Repair Information Center in our Support Section and selecting your model and state:

<http://www.remington.com/repairsvc/ModelSelection.asp>

Details on the safety recall for this model can be found at:

[http://www.remington.com/safety\\_modification\\_program/600\\_660.htm](http://www.remington.com/safety_modification_program/600_660.htm)
