Welcome to Remington Country and thank you for your inquiry. I have linked you below to further information regarding the Wodel 600 trigger assembly.

Customer (Jim Smith) 8/14/2003 8:16:45 PM I have a Model 600 which I wish to replace the trigger on. My question is - Can I replace the unit with a Model 700 Trigger and if so, what work would be necessay for the conversion.

Many thanks Jim
