Thank you for contacting Remington Country. We are unable to offer information on who it was originally sold to. Your Model 600 was produced in 1966 and should be inspected for a trigger recall. We suggest taking or sending your firearm to a Remington Authorized Repair Center or our factory for evaluation.

You can locate your nearest repair center by visiting the Repair Information Center in our Support Section and selecting your model and state:

I recently acquired an older model 600 rifle, (6.5MM Rem Mag) as a family heirloom. This rifle has the serial number 70315. It is believed to have been purchased in the 1960's & I would like to know if you can give me ANY info on the gun, when it was manufactured, where it was sold etc.
