Dear Mr. Stewardson,

Thank you for contacting Remington Country. Your Model 600 was produced in 1967 and should be inspected for a trigger recall. We suggest taking or sending your firearm to a Remington Authorized Repair Center or our factory for evaluation.

You can locate your nearest repair center by visiting the Repair Information Center in our Support Section and selecting your model and state:

I have a Remington Model 600 .243 Win that my aunt gave to me several years ago. I have been trying to find some information on it, such as how old is it, and how much it is worth. I haven't found much on the internet about it. I was wondering if I could get some literature regarding it.

Thank you

Ben Stewardson
