Thank you for your patience. You can find your nearest Remington Repair Centers that can remove the bolt lock at the following section of our site:

<http://www.remington.com/support/repairsvc/canada.HTM>

I have a Model 700 SA with the bolt lock feature and wish to participate in the Safety Modification Program. However, I live in Brockville, Ontario, Canada, K6V 1Z3. Can I still participate? and if so where is the closest approved gun smith? I'd rather not use the mail system as I don't trust it.

Thanks  
Jim Roughley
