Thank you for contacting Remington Country. According to the serial number, your Spts 78 was produced around 1989. This firearm has not been involved in a recall and does not have the bolt-lock.

I was reading on a news forum that this particular model had a recall for a trigger safety issue. The serial number of my firearm is C6323512. Can you tell me whether or not this applies to this firearm.

Thank you

John Hayes
