Dear Ray,

Thank you for your inquiry. The following link will provide you with information if you choose to have your rifle updated. There is a charge of \$20.00 to have your rifle updated.

i would like to know if there is a voluntary program to replace or make adjustments to the above listed rifle to eliminate the need to have the rifle on the fire setting to eject live shells that may be in the magazine. in other words, I could leave the rifle on safe and unload the rifle without the fear of it accidentally firing. Thank you
