

MODEL 700

Discussion Thread

Response (Chris)
Dear Ms. Freund,

8/24/2004 12:12:46 PM

Thank you for your patience. By the serial number you forwarded, this rifle was produced in 1976.

This rifle was originally installed with a bolt-lock, which means you have to put the safety switch on fire before you can open the bolt. We are offering a conversion at a special price if you would like your firearm converted, so that you can open the bolt at anytime with the safety on safe. To view more details regarding this modification, go to:
