Thank you for your patience. Thank you for contacting Remington Country. Your Model 700 was produced in 1985. Your firearm has not been involved in a recall. Your rifle may have been originally installed with a bolt-lock, which means you have to put the safety switch on fire before you can open the bolt. We are offering a conversion at a special price if you would like your firearm converted, so that you can open the bolt at anytime with the safety on safe.
