Dear Gary,

Thank you for your inquiry. The address is correct and we will honor that rebate form.

By the serial number, your 721 was produced around 1955.

I had my 721 safety modification (bolt stop removal) completed at Gander Mountain & they gave me an older "rebate form" --- Remington Safety Offer Rebate - 1407 Airport Road - Suite 2247 - Monroe, NC 26110 --- Is this address correct, or do I need a different form? --- Thanks! - Gary  
P/S - Any way to "date" my 721 #331203 (C.300 H&H)
