Dear Jerome,

Thank you for your inquiry. We will mail a coupon out to the consumer for their participation in the modification.

We had a safety modification done to a Remington bolt action rifle, under the program offer. The offer was to include the return of the corrected firearm as well as a 20.00 coupon good toward purchase of Remington products. The name of the owner of the rifle is Maxwell Delzer, 436 Droz Drive, Fairbanks, Alaska, 99701. The modification was performed, but the coupon has not been received by Maxwell. Could you respond to us, as to the coupon's status? This rifle was handed down to Maxwell by his great aunt, who originally owned and hunted with it. As a young lad, he is excited to carry this firearm to the field and carry on the tradition of a hunting family. Thank you, Jerry Delzer 701 223 3498
