Dear Tom,

I will mail you a manual soon.

Our repair centers can convert it for you for \$20 plus tax and shipping.

This is not a recall as the article claims.

Chris,

The serial number does begin with "B", not "8". I do want to convert the firearm. See info regarding recall provided at

<http://www.detnews.com/2003/specialreport/0312/16/a13-7201.htm>

I would also like a manual for the model 700, .270 cal. I can't locate one on your web site

Thanks,

Tom
