Dear Kevin,

Thank you for visiting Remington Country! We certainly appreciate you taking the time to write in with your question. Yes it is working properly. In fact we have a Safety Modification Program to change older gun to the new style.

Should you have additional questions, please feel free to contact our Consumer Services Department at 800-243-9700, 9:00 am - 5:00 pm, EST, Monday through Friday.

I recently purchased a used model 700 in 204 ruger. with the safety in the on position you are able to work the bolt. This is different than my other model 700's. Is this functioning properly?
