Jay:

Please find attached the Rev. 4 cut at the 2002 Budget and Personnel Assignments. In putting together this plan, I budgeted and assigned everything as though it could be done. However, I do not believe I can do, nor do I believe Remington wants to afford everything budgeted.

Please give me a call when you have had time to review and I can provide all the requisite details.

Also need to talk about the G.A.S. gun with respect to person on sight, capital project, etc.

Thanks,  
DDD
