Shanda -

Would you have this information available?

Also what is the forecast for M/7 CDL by SKU?

Thanks

Tom

Shanda,

We need a spring gun forecast as soon as you can get it to us. There are issues around fluting rates, HS stock requirements, XR100 & Model Seven volumes and SPL triggers that we need to plan around. Also what about the small bore BDL's? Are they still in the program, or are we putting in small bore CDL's?

John
