Ken,

Would also suggest that Rhonda have a copy of the training outline on file.
Can you forward please.

Copy me.

Rhonda---Please prepare training certificates for these people and give to Ken Nickerson to sign. After he signs, please mail to Chris Wright at OHL.

Also, for Rem. protection, I would like you to keep a file on certificates, test scores, and course outline-similar to what you do for Madison hazmat training. This program will be based on annual re-certification, unlike hazmat which is every 3 years.

Need roster of people who will be attending Ken Nickerson's safety class there on 10/6. Rhonda is going to provide a fancy training certificate and give to Ken before he leaves Madison. Send e mail list to Rhonda, copy to Rick and me, thanks.
