Are the RARC's going to be made aware of this? I just had a phone call from a consumer who took his firearm in yesterday and the RARC told him that it had expired. I told the consumer to have the RARC call us to confirm that it had been extended.

Here is the info you have been waiting for. We are extending the 700 safety modification program, including the \$20 safety equipment coupon. The coupons will not be reprinted with a new date but they will be honored.

If you have any questions, please see me.
