After our meeting this afternoon and discussing the agenda, I anticipate a late evening 8/19 trying to adequately cover these additional programs.

FYI, Mr. Diaz is putting together a formal agenda for the 19th by tomorrow. Long story short, we probably won't be done at 5pm, but that shouldn't be a problem. We are going to cover the Gas Gun as Ed planned, followed by a review of the 50X and 700 Fire Control. Formal Product Team Agenda will follow for the 20th.

Good Morning Men,

Please give me a brief list of items, topics and issues you want to review in your area of responsibility at the subject meeting. I will meet with both of you, combine the input and we can forward a hard agenda to Ron and the team shortly.

Jay
