Policy for Dealing with Bolt Locks on Model 700 and
Model 40X (B.C. & R) Firearms Returned for Repairs

There was discussion of procedures to be followed in repairing firearms with bolt locks. Since the absence or presence of a bolt lock is not a safety problem, determination of the policy to follow in these circumstances was not a matter for the Product Safety Subcommittee.

C. A. Nash
C. A. Nash, Secretary
Product Safety Subcommittee
